Dear Madam:

This is in response to a Restriction Requirement, mailed 13 April 2009, time for response to which was set to expire 13 May 2009. Election among four groups was required. Applicants elect to prosecute the invention of Group I, claims 1-6 and 10-13, drawn to substituted benzimidazoles and pharmaceutical compositions where A is equal to -pyrazinyl-pyrimidyl or pyridyl and Q is a bond.

Further, as an election of species is required, applicants elect to prosecute the compound prepared in Example 20 on page 40, namely

N-(1-[6-(tert-butylamino)pyrazin-2-yl]-1H-benzimidazol-6-yl}acrylamide.

Claim 1 has been amended to reflect this election.
